Self-Regulatory Organizations; NYSE Arca, Inc.; Suspension of and Order Instituting Proceedings to Determine Whether to Approve or Disapprove a Proposed Rule Change to Amend the NYSE Arca Equities Fees and Charges

I. Introduction

On June 14, 2021, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change (File No. SR-NYSEArca-2021-52) to amend the NYSE Arca Equities Fees and Charges (“Fee Schedule”).<sup>3</sup> The proposed rule change was immediately effective upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act.<sup>4</sup> The proposed rule change was published for comment in the Federal Register on July 6, 2021.<sup>5</sup> The Commission received no comment letters regarding the proposed rule change. Pursuant to Section 19(b)(3)(C) of the Act,<sup>6</sup> the Commission is hereby: (1) temporarily suspending File No. SR-NYSEArca-2021-52;

A proposed rule change may take effect upon filing with the Commission if it is designated by the exchange as “establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization.” 15 U.S.C. 78s(b)(3)(A)(ii).

and (2) instituting proceedings to determine whether to approve or disapprove File No. SR-NYSEArca-2021-52.

## II. Description of the Proposed Rule Change

The Exchange proposes to establish a new category of Retail Order executions for purposes of the Fee Schedule. Specifically, the Exchange proposes that no fees or credits would apply for Retail Order executions that are denoted “internalized” executions under certain circumstances.<sup>7</sup> The Exchange proposes that no fees will be charged nor credits paid for Retail Orders where (i) each side of the executed order shares the same MPID, (ii) each side of the executed order is a Retail Order with a time-in-force of Day, and (iii) the above executed orders have an Average Daily Volume (“ADV”) of at least 150,000 shares.

Prior to the proposed rule change, Retail Orders that were internalized<sup>8</sup> on the Exchange were not identified in the Fee Schedule and were treated the like other Retail Orders, regardless of whether they were internalized executions, and regardless of ADV. Specifically, the Exchange provides a credit ranging from \$0.0035 to \$0.0038, depending on the step-up tier, to Retail Orders that provide liquidity, and charges no fee for Retail Orders that remove liquidity. Therefore, the proposal carves out a particular group of Retail Orders – internalized orders when such orders have an ADV of at least 150,000 shares – and eliminates the credits for those Retail

---

<sup>7</sup> The Exchange defines internalized executions as an execution where two orders presented to the Exchange from the same ETP Holder (i.e., MPID) are presented separately and not in a paired manner, but nonetheless inadvertently match with one another. See Notice, supra note 3, at 35552 note 13.

<sup>8</sup> See id.

Orders that provide liquidity. ETP Holders with an ADV under 150,000 of internalized Retail Orders would continue to receive the relevant credit for Retail Orders that provide liquidity.

### III. Suspension of the Proposed Rule Change

Pursuant to Section 19(b)(3)(C) of the Act,<sup>9</sup> at any time within 60 days of the date of filing of an immediately effective proposed rule change pursuant to Section 19(b)(1) of the Act,<sup>10</sup> the Commission summarily may temporarily suspend the change in the rules of a self-regulatory organization (“SRO”) if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. As discussed below, the Commission believes a temporary suspension of the proposed rule change is necessary and appropriate to allow for additional analysis of the proposed rule change’s consistency with the Act and the rules thereunder.

When exchanges file their proposed rule changes with the Commission, including fee filings like the Exchange’s present proposal, they are required to provide a statement supporting the proposal’s basis under the Act and the rules and regulations thereunder applicable to the exchange.<sup>11</sup> The instructions to Form 19b-4, on which exchanges file their proposed rule changes, specify that such statement “should be sufficiently detailed and specific to support a finding that the proposed rule change is consistent with [those] requirements”<sup>12</sup>

Section 6 of the Act, including Sections 6(b)(4), (5), and (8), require the rules of an exchange to: (1) provide for the equitable allocation of reasonable fees among members, issuers, and other persons using the exchange’s facilities;<sup>13</sup> (2) perfect the mechanism of a free and open market and a national market system, protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers;<sup>14</sup> and (3) not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.<sup>15</sup>

In justifying its proposal, the Exchange stated in its filing that its proposal is reasonable because it “is a reasonable attempt to increase liquidity on the Exchange and improve the Exchange’s market share relative to its competitors.”<sup>16</sup> The Exchange also states that the proposal is an equitable allocation of fees and credits because “all ETP Holder that participate on the Exchange will be able to internalize their Retail Orders on the Exchange at no cost, i.e., they would not receive a credit or pay any fee for the execution of Retail Orders that are internalized.”<sup>17</sup> Further, the Exchange states that the proposal is an equitable allocation of fees and credits because it would benefit all investors by deepening the Exchange’s liquidity pool, supporting the quality of price discovery, promoting market transparency, and improving investor protection.<sup>18</sup> The Exchange states that the proposal is not unfairly discriminatory

because ETP Holders are free to transact on other exchanges if they believe those exchanges offer better value.<sup>19</sup> Finally, the Exchange states that the proposal is not unfairly discriminatory because it is available to all ETP holders on an equal and non-discriminatory basis and that “all similarly situated ETP Holders would be charged the same fee for executing Retail Orders that are internalized.”<sup>20</sup>

In temporarily suspending the Exchange’s proposed rule change, the Commission intends to further consider whether the proposal to amend the NYSE Arca Fee Schedule is consistent with the statutory requirements applicable to a national securities exchange under the Act. In particular, the Commission will consider whether the proposed rule change satisfies the standards under the Act and the rules thereunder requiring, among other things, that an exchange’s rules provide for the equitable allocation of reasonable fees among members, issuers, and other persons using its facilities; not permit unfair discrimination between customers, issuers, brokers or dealers; and do not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.<sup>21</sup>

Therefore, the Commission finds that it is appropriate in the public interest, for the protection of investors, and otherwise in furtherance of the purposes of the Act, to temporarily suspend the proposed rule change.<sup>22</sup>

<sup>20</sup> See id.

<sup>21</sup> See 15 U.S.C. 78f(b)(4), (5), and (8), respectively.

<sup>22</sup> For purposes of temporarily suspending the proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

#### IV. Proceedings to Determine Whether to Approve or Disapprove the Proposed Rule Change

In addition to temporarily suspending the proposal, the Commission also hereby institutes proceedings pursuant to Sections 19(b)(3)(C)<sup>23</sup> and 19(b)(2)(B) of the Act<sup>24</sup> to determine whether the Exchange's proposed rule change should be approved or disapproved. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, the Commission seeks and encourages interested persons to provide additional comment on the proposed rule change to inform the Commission's analysis of whether to approve or disapprove the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,<sup>25</sup> the Commission is providing notice of the grounds for possible disapproval under consideration:

- Whether the Exchange has demonstrated how its proposed fee is consistent with Section 6(b)(4) of the Act, which requires that the rules of a national securities exchange "provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities;"<sup>26</sup>;

---

<sup>23</sup> 15 U.S.C. 78s(b)(3)(C). Once the Commission temporarily suspends a proposed rule change, Section 19(b)(3)(C) of the Act requires that the Commission institute proceedings under Section 19(b)(2)(B) to determine whether a proposed rule change should be approved or disapproved.

<sup>24</sup> 15 U.S.C. 78s(b)(2)(B).

<sup>25</sup> 15 U.S.C. 78s(b)(2)(B). Section 19(b)(2)(B) of the Act also provides that proceedings to determine whether to disapprove a proposed rule change must be concluded within 180 days of the date of publication of notice of the filing of the proposed rule change. See id. The time for conclusion of the proceedings may be extended for up to 60 days if the Commission finds good cause for such extension and publishes its reasons for so finding, or if the exchange consents to the longer period. See id.

<sup>26</sup> 15 U.S.C. 78f(b)(4).

- Whether the Exchange has demonstrated how its proposed fee is consistent with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange not be “designed to permit unfair discrimination between customers, issuers, brokers, or dealers”<sup>27</sup>; and
- Whether the Exchange has demonstrated how its proposed fee is consistent with Section 6(b)(8) of the Act, which requires that the rules of a national securities exchange “not impose any burden on competition not necessary or appropriate in furtherance of the purposes of [the Act].”<sup>28</sup>

As noted above, the proposal purports to amend the NYSE Arca Fee Schedule to eliminate the credits for providing liquidity for certain internalized Retail Orders when such orders have an ADV of at least 150,000 shares. However, the Exchange’s statements in support of the proposed rule change lack specificity and are at times contradictory. For example, the Exchange provides only broad general statements that the proposal is not unfairly discriminatory because all ETP Holders will be treated the same. However, this explanation fails to address why it is not unfairly discriminatory for ETP Holders with under 150,000 ADV of internalized Retail Orders to continue to receive a credit for providing liquidity while those with over 150,000 ADV of internalized Retail Orders no longer receive the same credit. Furthermore, the Exchange contends that the proposal is consistent with the Act because it will incentivize more

<sup>27</sup> 15 U.S.C. 78f(b)(5).

<sup>28</sup> 15 U.S.C. 78f(b)(8).

Retail Order flow to the Exchange, thereby benefitting all investors. However, the Exchange does not explain how a proposal to eliminate an existing credit would achieve these goals.

Under the Commission's Rules of Practice, the "burden to demonstrate that a proposed rule change is consistent with the [Act] and the rules and regulations issued thereunder...is on the [SRO] that proposed the rule change."<sup>29</sup> The description of a proposed rule change, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding,<sup>30</sup> and any failure of an SRO to provide this information may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Act and the applicable rules and regulations.<sup>31</sup>

The Commission is instituting proceedings to allow for additional consideration and comment on the issues raised herein, including as to whether the proposed fees are consistent with the Act, and specifically, with its requirements that exchange fees be reasonable and equitably allocated, not be unfairly discriminatory, and not impose a burden on competition.<sup>32</sup>
