A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the operation of its SLP Pilot,⁴ currently scheduled to expire on July 31, 2012, until the earlier of Commission approval to make such Pilot permanent or January 31, 2013.

Background⁵

In October 2008, the New York Stock Exchange LLC ("NYSE") implemented significant changes to its market rules, execution technology and the rights and obligations of its market participants all of which were designed to improve execution quality on the NYSE. These

changes were all elements of the NYSE's and the Exchange's enhanced market model referred to as the "New Market Model" ("NMM Pilot").⁶ The NYSE SLP Pilot was launched in coordination with the NMM Pilot (see NYSE Rule 107B).

As part of the NMM Pilot, NYSE eliminated the function of specialists on the Exchange creating a new category of market participant, the Designated Market Maker or "DMM."⁷ Separately, the NYSE established the SLP Pilot, which established SLPs as a new class of market participants to supplement the liquidity provided by DMMs.⁸

The NYSE adopted NYSE Rule 107B governing SLPs as a six-month pilot program commencing in November 2008. This NYSE pilot has been extended several times, most recently to July 31, 2012.⁹ The NYSE is in the process of requesting an extension of their SLP Pilot until January 31, 2013 or until the Commission approves the pilot as permanent.¹⁰ The extension of the NYSE SLP Pilot until January 31, 2013 runs parallel with the extension of the

NMM pilot until January 31, 2013, or until the Commission approves the NMM Pilot as permanent.

Proposal to Extend the Operation of the NYSE MKT SLP Pilot

The Exchange established the SLP Pilot to provide incentives for quoting, to enhance competition among the existing group of liquidity providers, including the DMMs, and add new competitive market participants. NYSE MKT Rule 107B - Equities is based on NYSE Rule 107B. NYSE MKT Rule 107B - Equities was filed with the Commission on December 30, 2009, as a “me too” filing for immediate effectiveness as a pilot program.¹¹ The Exchange’s SLP Pilot is scheduled to end operation on July 31, 2012 or such earlier time as the Commission may determine to make the rules permanent.

The Exchange believes that the SLP Pilot, in coordination with the NMM Pilot and the NYSE SLP Pilot, allows the Exchange to provide its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity, facilitate the trading of larger orders more efficiently and operates to reward aggressive liquidity providers. As such, the Exchange believes that the rules governing the SLP Pilot (NYSE MKT Rule 107B - Equities) should be made permanent.

Through this filing the Exchange seeks to extend the current operation of the SLP Pilot until January 31, 2013, in order to allow the Exchange to formally submit a filing to the Commission to convert the SLP Pilot rule to a permanent rule. The Exchange is currently

preparing a rule filing seeking permission to make the Exchange's SLP Pilot permanent, but does not expect that filing to be completed and approved by the Commission before July 31, 2012.¹²

2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the "Act") for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the instant filing is consistent with these principles because the SLP Pilot provides its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity and operates to reward aggressive liquidity providers. Moreover, the instant filing requesting an extension of the SLP Pilot will permit adequate time for: (i) the Exchange to prepare and submit a filing to make the rules governing the SLP Pilot permanent; (ii) public notice and comment; and (iii) completion of the 19b-4 approval process.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of

¹² The NMM Pilot was scheduled to expire on July 31, 2012 as well. On July 12, 2012, the Exchange filed to extend the NMM Pilot until January 31, 2013 (See SR-NYSEMKT-2012-21).

the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot program to continue uninterrupted. Accordingly, the Commission hereby grants the Exchange's request and designates the proposal operative upon filing.¹⁸

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

¹⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
