To Whom It May Concern:

Bloomberg STP LLC ("BSTP") hereby requests withdrawal of its application on Form CA-1, File No. 600-33 and cancellation of its exemption from registration as a clearing agency.

In November 2015, BSTP was granted an exemption from registration as a clearing agency pursuant to Section 17A of the Exchange Act and Rule 17Ab2-1 (the "17A Exemption") to provide independent electronic trade confirmation and matching services. BSTP requests that the Commission cancel the exemption and withdraw its application under Release No. 34-76514 (Nov. 24, 2015) and 80 FR 75388 (Dec. 1, 2015).

The anticipated benefits of the 17A Exemption would have enabled BSTP to provide interoperability with Omgeo/DTCC, and other 17A exempt participant organizations, for communication of trade confirmations for The Depository Trust Company (the "DTC") eligible securities. The 17A Exemption would also permit broker dealer participants using BSTP to submit an official confirmation record to the DTC, with a DTC control ID generated by BSTP and its matching and affirmation process. These benefits would have allowed BSTP to present itself as an alternative for official confirmation delivery and matching service in the United States.

BSTP did not ultimately continue pursuit of interoperability and has not, does not, and will not provide central matching services in the United States that would require registration as a clearing agency. Therefore, we are requesting to withdraw BSTP's exemption from registration as a clearing agency which would remove BSTP's status as an "SCI system" regulated by REG SCI.

Sincerely,

BLOOMBERG STP LLC
