CLIENT RELATIONSHIP SUMMARY

(May 2024)

McDonough Capital Management, Inc. (“MCM”, “we”, “our”, “us”) is registered with the Securities and Exchange Commission (“SEC”) as an investment adviser. Investment advisory and brokerage services and fees differ; therefore, it is important for you to understand the differences.

Free and simple tools are available to research firms and financial professionals (also referred to as Investment Adviser Representatives; “IARs”) at the SEC’s investor education website at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

MCM mainly offers personalized investment advisory services to retail investors. These services include asset management and financial planning. Asset management services are provided on a fee-only basis. Financial planning is provided on an hourly fee basis.

Monitoring: Each IAR reviews their client accounts regularly and meets with them at their request. Factors that trigger reviews include changes to our investment recommendations, changes in market conditions, large deposits or withdrawals from an account, or changes to your financial situation and/or investment needs. As a part of our standard services, we monitor client accounts on a continuous basis and encourage clients to schedule quarterly meetings with their IAR to ensure our advisory services are consistent with the client's investment needs and objectives.

Infrequently, we consult on specific investment and financial planning issues for a one-time fee when ongoing monitoring is not necessary or desired.

Investment Authority: We provide asset management services on a discretionary basis. When you sign an advisory agreement with us, we’re allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed agreement. We retain discretionary authority until the agreement is terminated by you or us. Any restrictions must be documented in writing and accepted by us. If you do not provide us with discretionary authority, you will make the ultimate decision regarding the purchase and sale of investments.

Investment Offerings: While we can advise on any investment asset, our investment recommendations are primarily related to equity securities, ETFs, mutual funds, fixed income, and cash investments.

Account Minimums: Our stated minimum account size is \$500,000, but we reserve the right to waive this minimum.

For more detailed information about our services, please refer to our [Firm Brochure](#) (with special emphasis on Items 4, 7, and 16), which is available at <https://adviserinfo.sec.gov/firm/summary/143767>.

CONVERSATION STARTERS (ASK YOUR FINANCIAL PROFESSIONAL):

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

WHAT FEES WILL I PAY?

Our fees are based on the types of services we provide.

Asset Management Services: We charge an *annual fee* based on a percentage of your assets. You are billed *quarterly, in advance*, based upon the market value of your assets at the end of the previous quarter. The more assets there are in your advisory account, the more you will pay in fees, and we may, therefore, have an incentive to encourage you to increase the assets in your account.

Financial Planning Services: We charge an hourly fee for financial planning. The fee is negotiable depending on the scope and complexity of the plan, your situation, and your financial objectives. An estimate of the total time/cost will be determined at the start of the planning relationship.

Some investments, such as mutual funds and ETFs, impose additional fees that will reduce the value of your investments over time. Those fees may include fund expenses and surrender charges. You may also pay other fees to the custodian of your assets. These include, but are not limited to, ticket charges on transactions, fees for wire transfers, stop payments, duplicate check or statement copies, overnight deliveries, returned checks, and asset transfers.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information about our fees and your investment costs, please refer to our [Firm Brochure](#) (Items 4 and 5), which is available at <https://adviserinfo.sec.gov/firm/summary/143767>.

CONVERSATION STARTER (ASK YOUR FINANCIAL PROFESSIONAL):

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- Some of our IARs are also registered representatives of a broker-dealer or insurance agents licensed with an insurance company. Through the broker-dealer and/or insurance company, our IARs can offer commission-based products for which they receive additional compensation. This additional compensation causes a conflict of interest as they have an incentive to solicit commission-based products.
- We only generate revenues from our asset management and financial planning services as described above.

For more detailed information about our conflicts of interest, please refer to our [Firm Brochure](#), which is available at <https://adviserinfo.sec.gov/firm/summary/143767>.

- *How might your conflicts of interest affect me, and how will you address them?*

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our IARs are compensated through salaries and/or a portion of revenue we receive for the advisory services we provide. The portion paid to your IAR generally does not vary based on the type of investments that are recommended. However, as described above, several of our IARs are also registered representatives of a broker-dealer and some are also independent insurance agents. When acting in these capacities, they will earn commission.

DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE LEGAL OR DISCIPLINARY HISTORY?

No – Neither MCM nor any of our IARs have a disciplinary history. We invite you to visit Investor.gov/CRS for a free and simple search tool to research us and our IARs.

CONVERSATION STARTER (ASK YOUR FINANCIAL PROFESSIONAL):

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*
