

I want to show to my Congressmen!

Dear Mike,
Let's forget the SROs for Mutual Funds.
They have not been effective in the past
as these volunteers are only like foxes guarding
the hen house. Realize the Bush column has
embarrassed the SEC which is not
enough - as they are trying to force SROs to
replace SEC oversight on Mutual Funds.

Suggest you read the Feb 7, Column of
John Wiggins in the business section of
the USA Today.

Let's enhance the oversight of the SEC
for Mutual Funds as they are a disaster
waiting to happen!
