13. Members will not receive rebates for net zero complex orders [entered on behalf of originating market participants that execute an ADV of at least 1,000 contracts in net zero complex orders in a given month]. For purposes of determining which complex orders qualify as “net zero” the Exchange will count all complex orders that leg in to the regular order book and are executed at a net price per contract that is within a range of \$0.01 credit and \$0.01 debit.
