Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NYSE Arca, Inc. Amending Rules Governing Flexible Exchange Options to Increase Maximum Term

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on January 9, 2009, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange rules governing Flexible Exchange Options. A copy of this filing is available on the Exchange’s Web site at www.nyse.com, at the Exchange’s principal office and at the Commission’s Public Reference Room.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to increase the maximum term for FLEX Options. Currently, the maximum term for a FLEX Equity Options⁴ is three (3) years, provided an OTP Holder may request a longer term to a maximum of five (5) years⁵, and for FLEX Index Options the maximum term is five (5) years..

NYSE Arca is proposing to increase the maximum term for all FLEX Options to fifteen years and to eliminate the requirement that a FLEX Post Official make a liquidity assessment. The changes are being proposed to simplify the process and in response to investor interest in expanding the maximum term, in order to accommodate their desire to bring trades that are otherwise conducted in the over-the-counter ("OTC") market to an exchange environment.

The Exchange believes that expanding the eligible term for FLEX Options as proposed is important and necessary to the Exchange's efforts to create a product and market that provides OTP Holders, and other qualified investors interested in FLEX-type options, with an improved but comparable alternative to the OTC market in customized options, which can take on contract characteristics similar to FLEX Options but are not subject to the same maximum term restriction. By expanding the eligible term for FLEX Options, market participants will now have greater flexibility in determining whether to execute their customized options in an exchange environment or in the OTC market. NYSE Arca believes market participants benefit from being

able to trade these customized options in an exchange environment in several ways, including, but not limited to the following: (1) Enhanced efficiency in initiating and closing out positions; (2) increased market transparency; and (3) heightened contra-party creditworthiness due to the role of The Options Clearing Corporation (“OCC”) as issuer and guarantor of FLEX Options. Finally, the Exchange has contacted the OCC and they have confirmed that they can configure their systems to support FLEX Options that have a maximum expiration of fifteen years.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. Specifically, by expanding the maximum terms for Flexible Exchange Traded Options, the Exchange to [sic] will be able to offer market participants additional investment choices that come with increased market transparency and heightened contra-party creditworthiness, both of which and [sic] are consistent with Section 6(b) of the Act⁸ in general, and the objectives of Section 6(b)(5) of the Act.⁹

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.
