

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-61519; File No. SR-NYSEArca-2010-04)

February 16, 2010

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change Relating to the WisdomTree Real Return Fund

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 25, 2010, NYSE Arca, Inc. (“NYSE Arca” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade the shares of the following fund of the WisdomTree Trust (the “Trust”) under NYSE Arca Equities Rule 8.600: WisdomTree Real Return Fund (the “Fund”). The shares of the Fund are collectively referred to herein as the “Shares.” The text of the proposed rule change is available at the Exchange, the Commission’s Public Reference Room, and on the Exchange’s Web site at www.nyx.com.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of the Fund under NYSE Arca Equities Rule 8.600,³ which governs the listing and trading of “Managed Fund Shares,” on the Exchange.⁴

³ NYSE Arca Equities Rule 8.600(c)(1) provides that a Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁴ The Commission approved NYSE Arca Equities Rule 8.600 and the listing and trading of certain funds of the PowerShares Actively Managed Funds Trust on the Exchange pursuant to Rule 8.600 in Securities Exchange Act Release No. 57619 (April 4, 2008) 73 FR 19544 (April 10, 2008) (SR-NYSEArca-2008-25). The Commission also previously approved listing and trading on the Exchange, or trading on the Exchange pursuant to unlisted trading privileges (“UTP”), of the following actively managed funds under Rule 8.600: Securities Exchange Act Release Nos. 57626 (April 4, 2008), 73 FR 19923 (April 11, 2008) (SR-NYSEArca-2008-28) (order approving trading on the Exchange pursuant to UTP of Bear Stearns Active ETF); 57801 (May 8, 2008), 73 FR 27878 (May 14, 2008) (SR-NYSEArca-2008-31) (order approving Exchange listing and trading of twelve actively-managed funds of the WisdomTree Trust); 59826 (April 28, 2009), 74 FR 20512 (May 4, 2009) (SR-NYSEArca-2009-22) (order approving Exchange listing and trading of Grail American Beacon Large Cap Value ETF); 60460 (August 7, 2009), 74 FR 41468 (August 17, 2009) (SR-NYSEArca-2009-55) (order approving Exchange listing and trading of Dent Tactical ETF); 60717 (September 24, 2009), 74 FR 50853 (October 1, 2009) (SR-NYSEArca-2009-74) (order approving listing of four Grail Advisors RP ETFs); 60975 (November 10, 2009), 74 FR 59590 (November 18, 2009) (SR-NYSEArca-2009-83) (order approving listing of Grail American Beacon International Equity ETF); 60981 (November 10, 2009), 74 FR 59594 (November 18, 2009) (SR-NYSEArca-2009-79) (order approving listing of five fixed income funds of the PIMCO ETF Trust).

The Fund will be an actively-managed exchange traded fund. The Shares will be offered by the Trust, which was established as a Delaware statutory trust on December 15, 2005. The Trust is registered with the Commission as an investment company.⁵

Description of the Shares and the Fund

WisdomTree Asset Management, Inc. (“WisdomTree Asset Management”) is the investment adviser to the Fund (“Advisor”).⁶ WisdomTree Asset Management is not affiliated with any broker-dealer. Commentary .07 to Rule 8.600 provides that, if the investment adviser to

⁵ See Registration Statement on Form N-1A for the Trust filed with the Securities and Exchange Commission on October 28, 2009 (File Nos. 333-132380 and 811-21864) (the “Registration Statement”). The descriptions of the Fund and the Shares contained herein are based on information in the Registration Statement.

⁶ WisdomTree Investments, Inc. (“WisdomTree Investments”) is the parent company of WisdomTree Asset Management. The Exchange represents that WisdomTree Asset Management, as the investment adviser of the Fund, and Mellon Capital Management Corporation, as the sub-adviser of the Fund, and their respective related personnel, are subject to Rule 204A-1 (17 CFR 240.10A-3) [sic] under the Investment Advisers Act of 1940 (15 U.S.C. 80b-1) (the “Advisers Act”). This Rule specifically requires the adoption of a code of ethics by an investment adviser to include, at a minimum: (i) standards of business conduct that reflect the firm’s/personnel fiduciary obligations; (ii) provisions requiring supervised persons to comply with applicable federal securities laws; (iii) provisions that require all access persons to report, and the firm to review, their personal securities transactions and holdings periodically as specifically set forth in Rule 204A-1; (iv) provisions requiring supervised persons to report any violations of the code of ethics promptly to the chief compliance officer (“CCO”) or, provided the CCO also receives reports of all violations, to other persons designated in the code of ethics; and (v) provisions requiring the investment adviser to provide each of the supervised persons with a copy of the code of ethics with an acknowledgement by said supervised persons. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

the Investment Company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such Investment Company portfolio.⁷ In addition, Commentary .07 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund’s portfolio. The Mellon Capital Management Corporation (“Mellon”) serves as the sub-adviser for the Fund. Mellon is affiliated with multiple broker-dealers and has implemented a “fire wall” with respect to such broker-dealers regarding access to information concerning the composition and/or changes to the Fund’s portfolio. The Bank of New York Mellon is the administrator, custodian and transfer agent for the Fund. ALPS Distributors, Inc. serves as the distributor for the Fund.⁸

⁷ An investment adviser to an open-end fund is required to be registered under the Advisers Act. As a result, the investment adviser is subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act.

⁸ The Commission has issued an order granting certain exemptive relief to the Trust under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”). See Investment Company Act Release No. 28471 (October 27, 2008) (File No. 812-13458). In compliance with Commentary .05 to NYSE Arca Equities Rule 8.600, which applies to Managed Fund Shares based on an international or global portfolio, the Trust’s application for exemptive relief under the 1940 Act states that the Funds will comply with the federal securities laws in accepting securities for deposits and satisfying redemptions with redemption securities, including that the securities accepted for deposits and the securities used to satisfy redemption requests are sold in transactions that would be exempt from registration under the Securities Act of 1933 (15 U.S.C. 77a).

According to the Registration Statement, the Fund seeks to provide investors with total returns that exceed the rate of inflation over long-term investment horizons. The Fund's investment objective is non-fundamental and may be changed without shareholder approval. To achieve its objective, the Fund intends to invest in a portfolio of inflation-linked securities, such as U.S. Treasury Inflation Protected Securities ("TIPS"), and other investment grade fixed income securities. The Fund will have targeted exposure to commodities and commodity strategies. Using this approach, the Fund seeks (i) to take advantage of the potential inflation-protection benefits of inflation-linked bonds and commodity instruments and (ii) to provide income.

While the Fund intends to invest up to 70% or more of the value of its portfolio in TIPS, the Fund may invest in other types of inflation-linked fixed income securities. For example, the Fund may invest in investment grade, floating-rate fixed income securities linked to U.S. inflation rates that are issued by the U.S. government, government agencies or corporations. The Fund may invest in inflation-linked swaps. An inflation-linked swap is an agreement between two parties to exchange payments at a future date based on the difference between a fixed payment and a payment linked to the inflation rate at future date. The Fund also may invest in securities linked to inflation rates outside the U.S., including securities or instruments linked to rates in emerging market countries. The Fund may invest a portion of its assets in fixed-income securities that are not linked to inflation, such as U.S. government securities. While the Fund intends to invest primarily in investment grade securities, the Fund may invest up to 10% of its net assets in securities rated "BB" or lower by at least two nationally recognized statistical rating organizations ("NSROs") [sic] or if unrated, deemed to be of equivalent quality.

The Fund may invest in securities with effective or final maturities of any length. The Fund will seek to keep the average effective duration of its portfolio between two and ten years.

Effective duration is an indication of an investment's interest rate risk or how sensitive an investment or a fund is to changes in interest rates. Generally, a fund or instrument with a longer effective duration is more sensitive to interest rate fluctuations and therefore more volatile, than a fund with a shorter effective duration. The Fund may adjust its portfolio holdings or average effective duration based on actual or anticipated changes in interest rates or credit quality.

According to the Registration Statement, the Fund intends to have targeted exposure to commodities across a number of sectors, such as energy, precious metals and agriculture. While the Fund seeks exposure to commodity markets, it generally does not expect to invest in commodities directly in the spot market. The Fund intends to seek exposure to commodity markets primarily through its investments in the WisdomTree Real Return Investment Portfolio, Inc. (the "Subsidiary"), a wholly-owned subsidiary controlled by the Fund which is organized in the Cayman Islands. In addition, the Fund may invest a more limited portion of its assets directly in commodity-linked instruments. The Fund and the Subsidiary may invest in swaps on commodities or commodity indexes, and may also invest in commodity-based structured notes and exchange-traded commodity-based derivative products that provide commodity returns (collectively, "Commodity-Linked Instruments"). The Fund and Subsidiary may engage in commodity swaps or commodities index swaps in which fixed- or variable-rate payments on commodity returns or commodity index returns are exchanged.⁹ The Fund represents that

⁹ As described in the Registration Statement, structured notes are debt instruments, typically issued by a bank, that are designed to provide cash flows linked to the value of commodities, commodity indexes or the value of commodity futures and options contracts. They may be listed and traded on a securities exchange or traded over-the-counter. Exchange-traded commodity-based derivative products include funds and trusts that invest in commodities or provide exposure to commodities whose units or shares are traded on major securities exchanges in the U.S. or throughout the world.

investments in Commodity-Linked Instruments must be consistent with the Fund's investment objective and will not be used to enhance leverage.

The Fund intends to invest up to 25% of its assets in the Subsidiary. The Subsidiary intends to invest all of its assets in Commodity-Linked Instruments and/or fixed income securities that serve as collateral for its commodity exposure. The Subsidiary's investments will be consolidated into the Fund's financial statements and the Fund's and Subsidiary's holdings will be publicly available on a daily basis.

According to the Registration Statement, the Fund's use of the Subsidiary is designed to help the Fund achieve exposure to commodity returns in a manner consistent with the requirements of federal tax laws applicable to regulated investment companies, such as the Fund. These requirements limit the exposure of the Fund to commodities and Commodity-Linked Instruments. The Subsidiary has the same investment objective as the Fund. Unlike the Fund, the Subsidiary is not restricted in the level of investments it may make in commodities and Commodity-Linked Instruments. The Subsidiary is otherwise subject to the same investment restrictions as the Fund, and will operate in the same manner as the Fund with regard to applicable compliance policies and procedures (other than investments in Commodity-Linked Instruments). Although the Subsidiary is not registered under the 1940 Act, WisdomTree Asset Management manages both the Fund and the Subsidiary and the Fund's Board of Trustees oversees the operation of the Fund and its investment in the Subsidiary. The Registration Statement states that, since the Subsidiary's investments are consolidated into the Fund's, the Fund's combined holdings must comply with the 1940 Act. The Fund is the sole shareholder of the Subsidiary and does not expect shares of the Subsidiary to be offered or sold to other investors.

The Fund and the Subsidiary will not invest in non-U.S. equity securities, except that the Fund will invest in shares issued by the Subsidiary.

According to the Registration Statement, the Fund is considered to be “non-diversified” and is not limited by the 1940 Act with regard to the percentage of its assets that may be invested in the securities of a single issuer. As a result, the Fund may invest more of its assets in the securities of a single issuer or a smaller number of issuers than if it were classified as a diversified fund. Therefore, the Fund may be more exposed to the risks associated with and developments affecting an individual issuer or a small number of issuers than a fund that invests more widely, which may have a greater impact on the Fund’s volatility and performance.

The Fund does, however, intend to maintain the level of diversification necessary to qualify as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended. The Subchapter M diversification tests generally require that (i) a Fund invest no more than 25% of its total assets in securities (other than securities of the U.S. government or other RICs) of any one issuer or two or more issuers that are controlled by a Fund and that are engaged in the same, similar or related trades or businesses, and (ii) at least 50% of a Fund’s total assets consist of cash and cash items, U.S. government securities, securities of other RICs and other securities, with investments in such other securities limited in respect of any one issuer to an amount not greater than 5% of the value of a Fund’s total assets and 10% of the outstanding voting securities of such issuer. These tax requirements are generally applied at the end of each quarter of a Fund’s taxable year.

The Fund may invest up to an aggregate amount of 15% of its net assets in illiquid securities. Illiquid securities include securities subject to contractual or other restrictions on resale

and other instruments that lack readily available markets.¹⁰ The liquidity of securities purchased by the Fund which are eligible for resale pursuant to Rule 144A will be monitored by the Fund on an ongoing basis. In the event that such a security is deemed to be no longer liquid, the Fund's holdings will be reviewed to determine what action, if any, is required to ensure that the retention of such security does not result in the Fund having more than 15% of its assets invested in illiquid or not readily marketable securities.

The Fund may invest in deposits and other obligations of U.S. and non-U.S. banks and financial institutions; high-quality money market instruments; short-term obligations issued or guaranteed by the U.S. Treasury or the agencies or instrumentalities of the U.S. government; short-term securities issued or guaranteed by non-U.S. governments, agencies and instrumentalities; and sovereign debt obligations. The Fund may hold a significant portion of its assets in inflation indexed bonds and in floating rate and adjustable rate obligations, such as demand notes, bonds, and commercial paper. The Fund may hold corporate debt obligations with less than 397 calendar days remaining to maturity; mortgage backed and asset-backed securities. The Fund may enter into mortgage "dollar roll" transactions with selected banks and broker-dealers. The Fund may use derivative instruments as part of its investment strategies, may engage in "short sale" transactions; may hold commodity-linked derivative instruments; may invest in investments denominated in non-U.S. currencies, or in securities (such as foreign currency forward and foreign currency futures contracts) that provide exposure to such currencies, currency exchange rates or interest rates denominated in such currencies; may enter into swap agreements, including interest rate swaps and currency swaps; may enter into U.S. or foreign futures contracts and options and options on futures

¹⁰ For these purposes, an "illiquid" security is deemed illiquid if it can not be sold or disposed of in the ordinary course of business within seven days at a price that approximates fair market value.

contracts; and may enter into swap agreements and reverse repurchase agreements. The Fund may invest in the securities of other investment companies (including exchange traded funds and money market funds) to the extent permitted by the 1940 Act. The Fund may invest in debt securities and other instruments of companies that are considered to be in the financial sector, including commercial banks, brokerage firms, diversified financial services, a variety of firms in all segments of the insurance industry (such as multi-line, property and casualty, and life insurance) and real estate related companies.

The Shares

According to the Registration Statement, the Fund issues and redeems Shares on a continuous basis at net asset value (“NAV”)¹¹ only in large blocks of shares, typically 50,000 shares or more (“Creation Unit Aggregations”), in transactions with Authorized Participants. Only institutional investors who have entered into an Authorized Participant agreement [sic] purchase or redeem Creation Unit Aggregations. The consideration for purchase of Creation Unit Aggregations of the Fund generally consists of the in-kind deposit of a designated portfolio of fixed income securities (the “Deposit Securities”) and an amount of cash (the “Cash Component”). Together, the Deposit Securities and the Cash Component constitute the “Fund Deposit,” which represents the minimum initial and subsequent investment amount for a Creation Unit Aggregation of the Fund.

¹¹ The NAV of the Fund’s shares generally is calculated once daily Monday through Friday as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. Eastern time (the “NAV Calculation Time”). NAV per share is calculated by dividing the Fund’s net assets by the number of Fund shares outstanding. For more information regarding the valuation of Fund investments in calculating the Fund’s NAV, see the Registration Statement.

Each business day prior to the opening of trading the Fund will publish the specific securities and designated amount of cash included in that day's basket for the Fund through the National Securities Clearing Corporation ("NSCC") or other method of public dissemination. The Fund reserves the right to accept or pay out a basket of securities or cash that differs from the published basket. The prices at which creations and redemptions occur are based on the next calculation of NAV after an order is received in proper form.

Creations and redemptions must be made by an Authorized Participant or through a firm that is either a member of the Continuous Net Settlement System of the NSCC or a DTC participant, and in each case, must have executed an agreement with the Distributor with respect to creations and redemptions of Creation Unit Aggregations.

Additional information regarding the Trust and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, distributions and taxes is included in the Registration Statement. All terms relating to the Fund that are referred to, but not defined in, this proposed rule change are defined in the Registration Statement.

Availability of Information

The Fund's Web site (www.wisdomtree.com), which will be publicly available prior to the public offering of Shares, will include a form of the Prospectus for each [sic] Fund that may be downloaded. The Web site will include additional quantitative information updated on a daily basis, including, for the Fund: (1) the prior business day's reported NAV, mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),¹² and a calculation of the premium and discount of the Bid/Ask Price against the NAV; and (2) data in chart format

¹² The Bid/Ask Price of the Fund is determined using the midpoint of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV. The records relating to Bid/Ask Prices will be retained by the Fund and/or its service providers.

displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session¹³ on the Exchange, the Trust will disclose on its Web site the identities and quantities of the portfolio of securities and other assets (the “Disclosed Portfolio”)¹⁴ held by the Fund and the Subsidiary that will form the basis for the Fund’s calculation of NAV at the end of the business day.¹⁵ The Web site and information will be publicly available at no charge.

In addition, for the Fund, an estimated value, defined in NYSE Arca Equities Rule 8.600 as the “Portfolio Indicative Value,” that reflects an estimated intraday value of the Fund’s portfolio, will be disseminated. The Portfolio Indicative Value will be based upon the current value for the components of the Disclosed Portfolio and will be updated and disseminated by one or more major market data vendors at least every 15 seconds during the Core Trading Session on the Exchange. The dissemination of the Portfolio Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and to provide a close estimate of that value throughout the trading day.

¹³ The Core Trading Session is 9:30 a.m. to 4:00 p.m. Eastern time.

¹⁴ The Exchange notes that NYSE Arca Equities Rule 8.600(d)(2)(B)(ii) provides that the Reporting Authority that provides the Disclosed Portfolio must implement and maintain, or be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the actual components of the portfolio.

¹⁵ Under accounting procedures followed by the Fund, trades made on the prior business day (“T”) will be booked and reflected in NAV on the current business day (“T+1”). Notwithstanding the foregoing, portfolio trades that are executed prior to the opening of the Exchange on any business day may be booked and reflected in NAV on such business day. Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

Investors can also obtain the Trust's Statement of Additional Information ("SAI"), the Fund's Shareholder Reports, and its Form N-CSR and Form N-SAR, filed twice a year. The Trust's SAI and Shareholder Reports are available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission's Web site at www.sec.gov. Information regarding market price and trading volume of the Shares is and will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the Consolidated Tape Association ("CTA") high-speed line.

On a daily basis, the Adviser [sic] will disclose for each portfolio security or other financial instrument of the Fund the following information: ticker symbol (if applicable), name of security or financial instrument, number of shares or dollar value of financial instruments held in the portfolio, and percentage weighting of the security or financial instrument in the portfolio.

Initial and Continued Listing

The Shares will be subject to NYSE Arca Equities Rule 8.600(d), which sets forth the initial and continued listing criteria applicable to Managed Fund Shares. The Exchange represents that, for initial and/or continued listing, the Shares must be in compliance with Rule 10A-3¹⁶ under the Exchange Act, as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the net asset value per share for the Fund will be

¹⁶ See 17 CFR 240.10A-3.

calculated daily and that the net asset value and the Disclosed Portfolio will be made available to all market participants at the same time.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. Shares of the Funds will be halted if the “circuit breaker” parameters in NYSE Arca Equities Rule 7.12 are reached. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) the extent to which trading is not occurring in the securities comprising the Disclosed Portfolio and/or the financial instruments of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. Such rule provides that, if the Portfolio Indicative Value (as defined in Rule 8.600(c)(3)) of a series of Managed Fund Shares is not being disseminated as required, the Corporation may halt trading during the day in which the interruption to the dissemination of the Portfolio Indicative Value occurs. If the interruption to the dissemination of the Portfolio Indicative Value persists past the trading day in which it occurred, the Corporation will halt trading no later than the beginning of the trading day following the interruption. In addition, if the Exchange becomes aware that the net asset value or the Disclosed Portfolio with respect to a series of Managed Fund Shares is not disseminated to all market participants at the same time, it will halt trading in such series until such time as the net asset value or the Disclosed Portfolio is available to all market participants.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4 a.m. to 8 p.m. Eastern time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. The minimum trading increment for Shares on the Exchange will be \$0.01.

Surveillance

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products (which include Managed Fund Shares) to monitor trading in the Shares. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The Exchange's current trading surveillance focuses on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange may obtain information via the Intermarket Surveillance Group ("ISG") from other exchanges who are members of ISG.¹⁷

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

¹⁷ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all of the components of the Disclosed Portfolio for the Fund may trade on exchanges that are members of ISG.

Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated Portfolio Indicative Value will not be calculated or publicly disseminated; (4) how information regarding the Portfolio Indicative Value is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Exchange Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4:00 p.m. Eastern time each trading day.

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is the requirement under Section 6(b)(5)¹⁸ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect

¹⁸ 15 U.S.C. 78f(b)(5).

investors and the public interest. The Exchange believes that the proposed rule change will facilitate the listing and trading of an additional type of exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. In addition, the listing and trading criteria set forth in NYSE Arca Equities Rule 8.600 are intended to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve the proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

The Exchange has requested accelerated approval of this proposed rule change prior to the 30th day after the date of publication of notice in the Federal Register. The Commission is considering granting accelerated approval of the proposed rule change at the end of a 15-day comment period.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File No. SR-NYSEArca-2010-04 on the subject line.

Paper comments:

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, Station Place, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2010-04. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal

identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2010-04 and should be submitted on or before [insert date 15 days from the date of publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

Florence E. Harmon
Deputy Secretary

¹⁹ 17 CFR 200.30-3(a)(12).
