C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the following Managed Fund Shares⁴ (“Shares”) under NYSE Arca Equities Rule 8.600: AdvisorShares Active Bear ETF (the “Fund”).⁵ The Shares will be offered by AdvisorShares Trust (the “Trust”), a statutory trust organized under the laws of the State of Delaware and registered with the Commission as an open-end management investment company.⁶ The investment advisor to the Fund is AdvisorShares Investments, LLC

⁴ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment advisor consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁵ The Commission has previously approved the listing and trading on the Exchange of other actively managed funds under Rule 8.600. See, e.g., Securities Exchange Act Release Nos. 57801 (May 8, 2008), 73 FR 27878 (May 14, 2008) (SR-NYSEArca-2008-31) (order approving Exchange listing and trading of twelve actively-managed funds of the WisdomTree Trust); 60460 (August 7, 2009) (SR-NYSEArca-2009-55) (order approving Exchange listing and trading of AdvisorShares Dent Tactical ETF); 61842 (April 5, 2010-10), 75 FR 18554 (April 12, 2010) (SR-NYSEArca-2010-10) (order approving listing of Mars Hill Global Relative Value ETF).

⁶ The Trust is registered under the 1940 Act. On September 22, 2010, the Trust filed with the Commission Post-Effective Amendment No. 12 to Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a), and under the 1940 Act relating to the Fund (File Nos. 333-157876 and 811-22110) (the “Registration Statement”). The Trust has also filed an Amended Application for an Order under Section 6(c) of the 1940 Act for exemptions from various provisions of the 1940 Act and rules thereunder (File No. 812-13677 dated May 28, 2010) (“Exemptive Application”). The description of the operation of the Trust and the Fund herein is based on the Registration Statement.

(the “Advisor”). Ranger Alternative Management, L.P. (“Ranger”) is the sub-advisor (“Sub-Advisor”) to the Fund and the portfolio manager. Foreside Fund Services LLC (“Distributor”) is the distributor for the Fund. The Bank of New York Mellon Corporation (“Administrator”) is the administrator, custodian, transfer agent and fund accounting agent for the Fund.

Commentary .06 to Rule 8.600 provides that, if the investment adviser to the Investment Company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such Investment Company portfolio. In addition, Commentary .06 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund’s portfolio.⁷ Commentary .06 to Rule 8.600 is similar to Commentary .03(a)(i) and (iii) to NYSE Arca Equities Rule 5.2(j)(3); however, Commentary .06 in connection with the establishment of a “fire wall” between the investment adviser and the broker-dealer reflects the applicable open-end fund’s portfolio, not an underlying benchmark index, as is the case with

⁷ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the “Advisers Act”). As a result, the Adviser and Sub-adviser are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act.

index-based funds. Neither the Advisor nor the Sub-Advisor is affiliated with a broker-dealer.⁸

In the event the Advisor or Sub-Advisor become affiliated with a broker-dealer, they will be required to implement a fire wall with respect to such broker-dealer regarding access to information concerning the composition and/or changes to a portfolio.

According to the Registration Statement, the Fund's investment objective is to seek capital appreciation through short sales of domestically traded equity securities. The Sub-Advisor seeks to achieve the Fund's investment objective by short selling a portfolio of liquid mid- and large-cap U.S. exchange-traded equity securities, exchange-traded funds ("ETFs") registered pursuant to the 1940 Act, exchange-traded notes ("ETNs"), and exchange-traded

⁸ With respect to the Fund, the Exchange represents that the Advisor, as the investment advisor of the Fund, as well as the Sub-Advisor to the Fund and their related personnel, are subject to Investment Advisers Act Rule 204A-1. This Rule specifically requires the adoption of a code of ethics by an investment advisor to include, at a minimum: (i) standards of business conduct that reflect the firm's/personnel fiduciary obligations; (ii) provisions requiring supervised persons to comply with applicable federal securities laws; (iii) provisions that require all access persons to report, and the firm to review, their personal securities transactions and holdings periodically as specifically set forth in Rule 204A-1; (iv) provisions requiring supervised persons to report any violations of the code of ethics promptly to the chief compliance officer ("CCO") or, provided the CCO also receives reports of all violations, to other persons designated in the code of ethics; and (v) provisions requiring the investment advisor to provide each of the supervised persons with a copy of the code of ethics with an acknowledgement by said supervised persons. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment advisor to provide investment advice to clients unless such investment advisor has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment advisor and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

products (“ETPs”).⁹ In contrast to ETFs, ETNs and ETPs are not registered pursuant to the 1940 Act.

Operation of the Fund

According to the Registration Statement, the Sub-Advisor will utilize a disciplined, consistent investment approach to both security selection and risk management and will implement a bottom-up, fundamental, research driven security selection process. In addition to extensive quantitative analysis, careful consideration is given to qualitative analysis. The assessment of the management team, accounting practices, corporate governance and the company’s competitive advantage are all key items. Once these quantitative and qualitative characteristics are thoroughly analyzed, the Sub-Advisor then determines if there is sufficient return to the stock price to warrant an investment. Once a position is included in the Fund’s portfolio, it is subject to regular fundamental and technical risk management review.

According to the Registration Statement, in selecting short positions, the Sub-Advisor seeks to identify securities with market capitalizations typically of \$1 billion and above, and with low earnings quality or aggressive accounting. Key factors include, but are not limited to: quality and sustainability of revenue, as indicated by extended payment terms, changes in revenue policies or other factors; deterioration of cash flows or declining quality of earnings; reserve reversals or an increase in “soft” assets which could indicate the capitalization of expenses; and an analysis of irregular items affecting operating or gross margins including inventory, payables and taxes. The Sub-Advisor will also seek out the following qualitative

⁹ The Fund may sell short only equity securities traded in the U.S. on registered exchanges. The Fund will not purchase or borrow illiquid securities or securities registered pursuant to Rule 144A under the Securities Act of 1933.

factors: poor corporate governance or significant related party transactions; heavy insider selling; and unique competitive challenges.

According to the Registration Statement, once it is determined that a company possesses the proper characteristics, it must then be determined whether to include that position in the Fund's portfolio. During this analysis, the Sub-Advisor considers specific factors described in the Registration Statement, including assessment on individual merits, valuation metrics and technical factors.

The Fund generally targets composition of 20 to 50 equity short positions, with an average individual position size which generally range between 2-7% of the aggregate portfolio exposure. Typically, short positions will be initiated at the lower end of the position size range in order to gain exposure to a particular stock.

ETFs registered pursuant to the 1940 Act or other exchange-traded products not registered pursuant to the 1940 Act will also be utilized to manage exposure to broad indexes or certain sectors. Exchange traded products positions will typically range between 10-15% of the Fund's portfolio. Exchange-traded products may be used to gain exposure in instances when the Sub-Advisor has a more bearish posture with respect to the broad market.

The Fund, from time to time, in the ordinary course of business, may purchase securities on a when-issued or delayed-delivery basis (i.e., delivery and payment can take place between a month and 120 days after the date of the transaction). The Fund may invest in U.S. government securities and U.S. Treasury zero-coupon bonds.¹⁰

¹⁰ As stated in the Registration Statement, the Fund may not, with respect to 75% of its total assets, (i) purchase securities of any issuer (except securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities or shares of investment companies) if, as a result, more than 5% of its total assets would be invested in the securities of such issuer; or (ii) acquire more than 10% of the outstanding voting securities of any one

To respond to adverse market, economic, political or other conditions, the Fund may invest 100% of its total assets, without limitation, in high-quality short-term debt securities and money market instruments. The Fund may be invested in these instruments for extended periods, depending on the Sub-Advisor's assessment of market conditions. These debt securities and money market instruments include shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities, repurchase agreements and bonds that are BBB or higher.

Creations and Redemptions

Creations and redemptions of Shares occur in large specified blocks of Shares, referred to as "Creation Units." According to the Registration Statement, the Shares of the Fund are "created" at their net asset value ("NAV") by market makers, large investors and institutions only in block-size Creation Units of 25,000 shares or more. A "creator" enters into an authorized participant agreement (a "Participant Agreement") with the Distributor or a DTC participant that has executed a Participant Agreement with the Distributor (an "Authorized Participant"), and deposits into the Fund a specified amount of cash totaling the NAV of the Creation Unit(s), in exchange for 25,000 shares of the Fund (or multiples thereof). Similarly, Shares can only be redeemed in Creation Units, generally 25,000 shares or more, for a specified amount of cash totaling the NAV of the Creation Unit(s). Shares are not redeemable from the Fund except when aggregated in Creation Units. The prices at which creations and redemptions occur are based on

issuer. In addition, the Fund may not purchase any securities which would cause 25% or more of its total assets to be invested in the securities of one or more issuers conducting their principal business activities in the same industry or group of industries, provided that this limitation does not apply to investments in securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities, or shares of investment companies. According to the Registration Statement, the Fund will seek to qualify for treatment as a Regulated Investment Company ("RIC") under the Internal Revenue Code.

the next calculation of NAV after an order is received in a form prescribed in the Participant Agreement.

According to the Registration Statement, unlike many other ETFs, Creation Units of the Fund are sold only for cash. Creation Units are sold at the NAV next computed, plus a fixed creation transaction fee, assessed per transaction. In all cases, such fees will be limited in accordance with SEC requirements applicable to management investment companies offering redeemable securities.

All orders to create must be received by the Distributor no later than the close of the Core Trading Session on NYSE Arca (ordinarily 4:00 p.m. Eastern Time (“E.T.”); on the date such order is placed in order for the creation of Creation Units to be effected based on the NAV of Shares of the Fund as next determined on such date after receipt of the order in proper form. Orders to redeem must be received by the Administrator no later than 4:00 p.m. E.T.

The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3¹¹ under the Exchange Act, as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Net Asset Value

According to the Registration Statement, the NAV per Share of the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total

¹¹ 17 CFR 240.10A-3.

liabilities) by the total number of Shares of the Fund outstanding, rounded to the nearest cent.

Expenses and fees, including without limitation, the management, administration and distribution fees, are accrued daily and taken into account for purposes of determining NAV. The NAV per Share for the Fund is calculated by the Administrator and determined as of the close of the regular trading session on NYSE Arca (ordinarily 4:00 p.m., Eastern Time) on each day that the Exchange is open.

In computing the Fund's NAV, the Fund's securities positions are valued based on their last readily available market price. Price information on listed securities is taken from the exchange where the security is primarily traded. Securities regularly traded in an over-the-counter market are valued at the latest quoted sales price. Securities not listed on an exchange or national securities market, or securities in which there was no last reported sales price, are valued at the most recent bid price. Other portfolio securities and assets for which market quotations are not readily available are valued based on fair value as determined in good faith by the Sub-Advisor in accordance with procedures adopted by the Fund's Board of Trustees.

Availability of Information

The Fund's Web site (www.advisorshares.com), which will be publicly available prior to the public offering of Shares, will include a form of the Prospectus for the Fund that may be downloaded. The Fund's Web site will include additional quantitative information updated on a daily basis, including, for the Fund, (1) daily trading volume, the prior business day's reported closing price, NAV and mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),¹² and a calculation of the premium and discount of the Bid/Ask Price

¹² The Bid/Ask Price of the Fund is determined using the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

against the NAV, and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio as defined in NYSE Arca Equities Rule 8.600(c)(2) that will form the basis for the Fund's calculation of NAV at the end of the business day.¹³

On a daily basis, for each portfolio security position of the Fund, the Fund will disclose on its Web site the following information: ticker symbol, name of security, positions¹⁴ held long or short in the portfolio, and percentage weighting of the security in the portfolio. The Web site information will be publicly available at no charge.

In addition, a portfolio composition file which includes the cash amount required to be delivered in exchange for each Fund share, will be publicly disseminated daily prior to the opening of the New York Stock Exchange ("NYSE") via the National Securities Clearing Corporation. The NAV of the Fund will normally be determined as of the close of the regular trading session on the NYSE (ordinarily 4:00 p.m. Eastern Time) on each business day.

Investors can also obtain the Trust's Statement of Additional Information ("SAI"), the Fund's Shareholder Reports, and its Form N-CSR and Form N-SAR, filed twice a year. The Trust's SAI and Shareholder Reports are available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded

¹³ Under accounting procedures followed by the Fund, trades made on the prior business day ("T") will be booked and reflected in NAV on the current business day ("T+1"). Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

from the Commission's Web site at www.sec.gov. Information regarding market price and trading volume of the Shares is and will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the Consolidated Tape Association ("CTA") high-speed line. In addition, the Portfolio Indicative Value, as defined in NYSE Arca Equities Rule 8.600(c)(3), will be disseminated by one or more major market data vendors at least every 15 seconds during the Core Trading Session.

Additional information regarding the Trust and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, distributions and taxes is included in the Registration Statement. All terms relating to the Fund that are referred to, but not defined in, this proposed rule change are defined in the Registration Statement.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.¹⁵ Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) the extent to which trading is not occurring in the securities comprising the Disclosed Portfolio and/or the financial instruments of the Fund; or (2) whether other unusual conditions or circumstances

¹⁵ See NYSE Arca Equities Rule 7.12, Commentary .04.

detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4 a.m. to 8 p.m. E.T. in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Equities Rule 7.6, Commentary .03, the minimum price variation ("MPV") for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

Surveillance

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products (which include Managed Fund Shares) to monitor trading in the Shares. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The Exchange's current trading surveillance focuses on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange may obtain information via the Intermarket Surveillance Group (“ISG”) from other exchanges that are members of ISG.¹⁶

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit (“ETP”) Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated Portfolio Indicative Value will not be calculated or publicly disseminated; (4) how information regarding the Portfolio Indicative Value is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Exchange

¹⁶ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio for the Fund may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4:00 p.m. E.T. each trading day.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Exchange Act,¹⁷ in general, and furthers the objectives of Section 6(b)(5) of the Exchange Act,¹⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change will facilitate the listing and trading of additional types of actively-managed exchange-traded products that will enhance competition among market participants, to the benefit of investors and the marketplace.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.
