1. Purpose

The Exchange proposes to list and trade shares (“Shares”) of the Hartford Municipal Opportunities ETF (“Fund”) under NYSE Arca Rule 8.600-E,⁴ which governs the listing and trading of Managed Fund Shares.⁵ The Shares will be offered by the Hartford Funds Exchange-

⁵ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Rule 5.2-E(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

Traded Trust (the “Trust”), which is registered with the Commission as an open-end management investment company.⁶ The Fund is a series of the Trust.

Hartford Funds Management Company, LLC (“HFMC” or “Manager”) will be the investment manager to the Fund. ALPS Distributors, Inc. (“ALPS” or the “Distributor”) will be the principal underwriter to the Fund. HFMC is an indirect subsidiary of The Hartford Financial Services Group, Inc. Wellington Management Company LLP (“Wellington Management” or “Sub-Adviser”) will be the sub-adviser to the Fund and will perform the daily investment of the assets for the Fund.

Commentary .06 to Rule 8.600-E provides that, if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such

⁶ The Trust is registered under the 1940 Act. On June 26, 2017, the Trust filed with the Commission its registration statement on Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a) (“Securities Act”), and under the 1940 Act relating to the Fund (File Nos. 333-215165 and 811-23222) (“Registration Statement”). The description of the operation of the Trust and the Fund herein is based, in part, on the Registration Statement. In addition, the Commission has issued an order granting certain exemptive relief to the Trust under the 1940 Act. See Investment Company Act Release No. 32454 (January 27, 2017) (File No. 812-812-13828-01) (“Exemptive Order”).

investment company portfolio.⁷ In addition, Commentary .06 further requires that personnel who make decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund's portfolio. Neither the Manager nor Sub-Adviser is a registered broker-dealer but each is affiliated with a broker-dealer. The Manager and Sub-Adviser each has implemented a "fire wall" with respect to such broker-dealer affiliate regarding access to information concerning the composition of and/or changes to the Fund's portfolio. In addition, personnel who make decisions on the Fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the Fund's portfolio. In the event (a) the Manager or Sub-Adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser to the Fund is a registered broker-dealer or becomes affiliated with a broker-dealer, the applicable adviser or sub-adviser will implement and maintain a fire wall with respect to its relevant personnel or broker-dealer affiliate regarding access to information concerning the composition and/or changes to the

⁷ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the "Advisers Act"). As a result, the Adviser and Sub-Adviser and their related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

Fund's portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Under normal market conditions⁸, at least 80% of the Fund's net assets must be invested in municipal securities ("Municipal Securities").⁹ The Fund will generally hold a diversified portfolio of investments across states and sectors, although the Fund is not required to invest in all states and sectors at all times.

Disclosure of Portfolio Holdings

On each day the NYSE Arca is open (a “Business Day”), before commencement of trading in Shares on the Exchange in the Exchange’s Core Trading Session, HFMC will disclose the Fund’s iNAV Basket.¹³ Additionally, on each Business Day, before commencement of trading in Shares on the Exchange, the Fund will disclose on its website the identities and quantities of the Fund’s portfolio holdings that will form the basis for the Fund’s calculation of NAV at the end of the Business Day.

The NAV per Share will be determined for the Fund’s Shares as of the close of regular trading on the New York Stock Exchange (the “NYSE”) (normally 4:00 p.m. Eastern Time) (the “NYSE Close”) on each day that the Exchange is open (“Valuation Date”). The net asset value for the Shares will be determined by dividing the value of the Fund’s net assets attributable to the Shares by the number of Shares outstanding.

For purposes of calculating the NAV, portfolio securities and other assets held in the Fund’s portfolio for which market prices are readily available are valued at market value. Market value is generally determined on the basis of last reported trade prices or official close price. If no trades were reported, market value is based on prices obtained from a quotation reporting system, established market makers, or independent pricing services. If market prices are not readily available or are deemed unreliable, the Fund will use the fair value of the security or other instrument as determined in good faith under policies and procedures established by and under the supervision of the Board of Trustees of the Trust. Market prices are considered not readily available where there is an absence of current or reliable market-based data (e.g., trade information or broker quotes), including where events occur after the close of the relevant

¹³ An iNAV will be based on the current market value of the Fund’s portfolio holdings that will form the basis for the Fund’s calculation of NAV at the end of the Business Day, as disclosed on the Fund’s website prior to that Business Day’s commencement of trading (the “iNAV Basket”).

market, but prior to the NYSE Close that materially affect the values of the Fund's portfolio holdings or assets. Prices of foreign equities that are principally traded on certain foreign markets are adjusted daily pursuant to a fair value pricing service approved by the Trust's Board of Trustees in order to reflect an adjustment for the factors occurring after the close of certain foreign markets but before the NYSE Close.

Fixed income investments and non-exchange traded derivatives held by the Fund will normally be valued on the basis of quotes obtained from brokers and dealers or independent pricing services in accordance with procedures established by the Trust's Board of Trustees. Prices obtained from independent pricing services use information provided by market makers or estimates of market values obtained from yield data relating to investments or securities with similar characteristics. Senior floating rate interests generally trade in over-the-counter ("OTC") markets and are priced through an independent pricing service utilizing independent market quotations from loan dealers or financial institutions. Generally, the Fund may use fair valuation in regard to fixed income positions when the Fund holds defaulted or distressed investments or investments in a company in which a reorganization is pending. Short term investments maturing in 60 days or less are generally valued at amortized cost if their original term to maturity was 60 days or less, or by amortizing their value on the 61st day prior to maturity, if the original term exceeded 60 days.

Investments valued in currencies other than U.S. dollars will be converted to U.S. dollars using exchange rates obtained from independent pricing services for calculation of the NAV.

Investments in open-end mutual funds are valued at the respective NAV of each open-end mutual fund on the Valuation Date.

Financial instruments for which prices are not available from an independent pricing service may be valued using market quotations obtained from one or more dealers that make markets in the respective financial instrument in accordance with procedures established by the Trust's Board of Trustees.

Creation and Redemption of Shares

According to the Registration Statement, the Trust will issue and sell Shares of the Fund only in Creation Units at the NAV next determined after receipt of an order in proper form on any Business Day. The number of Shares of the Fund that will constitute a Creation Unit is 50,000. The size of a Creation Unit is subject to change.

Creation of Shares

The consideration for purchase of Creation Units will generally consist of "Deposit Securities" and the "Cash Component", which will generally correspond pro rata, to the extent practicable, to the Fund's securities, or, as permitted or required by the Fund, of cash. Together, the Deposit Securities and Cash Component constitute the "Fund Deposit," which represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund. Creation Units of Shares of the Fund may be issued partially for cash.

The Transfer Agent, through the NSCC, will make available on each Business Day, prior to the Core Trading Session (subject to amendments) on the Exchange (currently 9:30 a.m., Eastern time), the identity and the required number of each Deposit Security and the amount of the Cash Component to be included in the current Fund Deposit (based on information at the end of the previous Business Day).

To be eligible to place orders with the Distributor and to create a Creation Unit of the Fund, an entity must be: (i) a "Participating Party," i.e., a broker-dealer or other participant in the

clearing process through the Continuous Net Settlement System of the NSCC (the “Clearing Process”); or (ii) a participant of DTC (“DTC Participant”) and must have executed an agreement with the Distributor (and accepted by the Transfer Agent), with respect to creations and redemptions of Creation Units (“Participant Agreement”) (discussed below). A Participating Party or DTC Participant who has executed a Participant Agreement is referred to as an “Authorized Participant.”

Except as described below, and in all cases subject to the terms of the applicable Participant Agreement, all orders to create Creation Units of the Fund must be received by the Transfer Agent no later than the closing time of the Exchange’s Core Trading Session (“Order Cutoff Time”) (ordinarily 4:00 p.m., Eastern time) in each case on the date such order is placed for creation of Creation Units to be effected based on the NAV of shares of the Fund as next determined after receipt of an order in proper form. Orders requesting substitution of a “cash-in-lieu” amount or a cash creation, must be received by the Transfer Agent no later than 3:00 p.m., Eastern time. The date on which an order to create Creation Units (or an order to redeem Creation Units, as discussed below) is placed is referred to as the “Transmittal Date”.

Fund Deposits created through the Clearing Process, if available, must be delivered through a Participating Party that has executed a Participant Agreement.

Fund Deposits created outside the Clearing Process must be delivered through a DTC Participant that has executed a Participant Agreement.

Redemption of Shares

Shares may be redeemed only in Creation Units at their NAV next determined after receipt of a redemption request in proper form on a Business Day and only through a Participating Party or DTC Participant who has executed a Participant Agreement.

With respect to the Fund, the Transfer Agent, through the NSCC, makes available immediately prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern time) on each Business Day, the identity of the Fund's securities and/or an amount of cash that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as described below) on that day. All orders are subject to acceptance by the Distributor. The Fund's securities received on redemption will generally correspond pro rata, to the extent practicable, to the Fund's securities. The Fund's securities received on redemption ("Fund Securities") may not be identical to Deposit Securities that are applicable to creations of Creation Units.

Unless cash only redemptions are available or specified for the Fund, the redemption proceeds for a Creation Unit will generally consist of Fund Securities – as announced on the Business Day of the request for a redemption order received in proper form – plus cash in an amount equal to the difference between the NAV of the Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities, less the redemption transaction fee and variable fees described below. Notwithstanding the foregoing, the Trust will substitute a "cash-in-lieu" amount to replace any Fund Security that is a non-deliverable instrument.

Orders to redeem Creation Units of the Fund through the Clearing Process, if available, must be delivered through a Participating Party that has executed the Participant Agreement.

Orders to redeem Creation Units of the Fund outside the Clearing Process must be delivered through a DTC Participant that has executed the Participant Agreement.

Availability of Information

The Fund will disclose on the Fund's website (www.hartfordfunds.com) at the start of each business day the identities and quantities of the securities and other assets held by the Fund that will form the basis of the Fund's calculation of its net asset value ("NAV") on that business day. The portfolio holdings so disclosed will be based on information as of the close of business on the prior business day and/or trades that have been completed prior to the opening of business on that business day and that are expected to settle on the business day.

The website for the Fund will contain the following information, on a per-Share basis, for the Fund: (1) the prior business day's NAV; (2) the reported midpoint of the bid-ask spread at the time of NAV calculation (the "Bid-Ask Price"); (3) a calculation of the premium or discount of the Bid-Ask Price against such NAV; and (4) data in chart format displaying the frequency distribution of discounts and premiums of the Bid-Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters (or for the life of the Fund if, shorter). In addition, on each business day, before the commencement of trading in Shares on the NYSE Arca, the Fund will disclose on its website the identities and quantities of the portfolio securities and other assets held by the Fund that will form the basis for the calculation of NAV at the end of the business day.

The Fund's portfolio holdings will be disclosed on the Fund's website daily after the close of trading on the Exchange and prior to the opening of trading on the Exchange the following day. On a daily basis, the Fund will disclose the information required under NYSE Arca Rule 8.600-E (c)(2) to the extent applicable. The website information will be publicly available at no charge.

The approximate value of the Fund's investments on a per-Share basis, the iNAV, will be disseminated every 15 seconds during the Exchange Core Trading Session (ordinarily 9:30 a.m. to 4:00 p.m., Eastern Time).

Investors can also obtain the Fund's Statement of Additional Information ("SAI"), shareholder reports, Form N-CSR and Form N-SAR, filed twice a year. The Fund's SAI and shareholder reports will be available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission's website at www.sec.gov. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.

Quotation and last sale information for the Shares, ETFs and ETNs will be available via the Consolidated Tape Association ("CTA") high-speed line, and from the national securities exchange on which they are listed.

Quotation information from brokers and dealers or pricing services will be available for Municipal Bonds. Price information for money market funds will be available from the applicable investment company's website and from market data vendors. Pricing information regarding each asset class in which the Fund will invest will generally be available through nationally recognized data service providers through subscription agreements. In addition, the iNAV (which is the Portfolio Indicative Value, as defined in NYSE Arca Rule 8.600-E(c)(3)),

will be widely disseminated at least every 15 seconds during the Core Trading Session by one or more major market data vendors or other information providers.¹⁴

Investment Restrictions

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment) deemed illiquid by the Adviser, consistent with Commission guidance. The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid assets. Illiquid assets may include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹⁵

The Fund intends to qualify for and to elect treatment as a separate regulated investment company under Subchapter M of the Internal Revenue Code of 1986.¹⁶

¹⁴ Currently, it is the Exchange's understanding that several major market data vendors display and/or make widely available Portfolio Indicative Values taken from CTA or other data feeds.

¹⁵ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), footnote 34. See also, Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding "Restricted Securities"); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund's portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act).

¹⁶ 26 U.S.C. 851.

The Fund's investments will be consistent with its investment goal and will not be used to provide multiple returns of a benchmark or to produce leveraged returns.

Under normal market conditions, except for periods of high cash inflows or outflows,¹⁷ the Fund will satisfy the following criteria:

- i. The Fund will have a minimum of 20 non-affiliated issuers;
- ii. No single municipal securities issuer will account for more than 10% of the weight of the Fund's portfolio;
- iii. No individual bond will account for more than 5% of the weight of the Fund's portfolio;
- iv. The Fund will limit its investments in Municipal Securities of any one state to 20% of the Fund's total assets and will be diversified among issuers in at least 10 states;
- v. The Fund will be diversified among a minimum of five different sectors of the municipal bond market.¹⁸

Pre-refunded bonds will be excluded from the above limits given that they have a high level of credit quality and liquidity.¹⁹

¹⁷ "Periods of high cash inflows or outflows" as used herein, mean rolling periods of seven calendar days during which inflows or outflows of cash, in the aggregate, exceed 10% of the Fund's net assets as of the opening of business on the first day of such periods.

¹⁸ The Fund's investments in Municipal Securities will include investments in state and local (e.g., county, city, town) Municipal Securities relating to such sectors as the following: airports; bridges and highways; hospitals; housing; jails; mass transportation; nursing homes; parks; public buildings; recreational facilities; school facilities; streets; and water and sewer works.

Application of Generic Listing Requirements

The Exchange is submitting this proposed rule change because the portfolios for the Fund will not meet all of the “generic” listing requirements of Commentary .01 to NYSE Arca Rule 8.600-E applicable to the listing of Managed Fund Shares. The Fund’s portfolio will meet all such requirements except for those set forth in Commentary .01(b)(1).²⁰

The Exchange believes that it is appropriate and in the public interest to approve listing and trading of Shares of the Fund on the Exchange notwithstanding that the Fund would not meet the requirements of Commentary .01(b)(1) to Rule 8.600-E in that the Fund’s investments in municipal securities will be well-diversified.

The Exchange believes that permitting Fund Shares to be listed and traded on the Exchange notwithstanding that less than 75% of the weight of the Fund’s portfolio may consist of components with less than \$100 million minimum original principal amount outstanding would provide the Fund with greater ability to select from a broad range of Municipal Securities, as described above, that would support the Fund’s investment goal.

The Exchange believes that, notwithstanding that the Fund’s portfolio may not satisfy Commentary .01(b)(1) to Rule 8.600-E, the Fund’s portfolios will not be susceptible to manipulation. As noted above, the Fund’s investments will be diversified among a minimum of

¹⁹ The Manager represents that pre-refunded bonds (also known as refunded or escrow-secured bonds) have a high level of credit quality and liquidity because the issuer “prerefunds” the bond by setting aside in advance all or a portion of the amount to be paid to the bondholders when the bond is called. Generally, an issuer uses the proceeds from a new bond issue to buy high grade, interest bearing debt securities, including direct obligations of the U.S. government, which are then deposited in an irrevocable escrow account held by a trustee bank to secure all future payments of principal and interest on the pre-refunded bonds.

²⁰ Commentary .01(b)(1) to NYSE Arca Rule 8.600-E provides that components that in the aggregate account for at least 75% of the fixed income weight of the portfolio each shall have a minimum original principal amount outstanding of \$100 million or more.

20 non-affiliated issuers; no single municipal securities issuer will account for more than 10% of the weight of the Fund's portfolio; no individual bond will account for more than 5% of the weight of the Fund's portfolio; the Fund will limit its investments in Municipal Securities of any one state to 20% of the Fund's total assets and will be diversified among issuers in at least 10 states; and the Fund will be diversified among a minimum of five different sectors of the municipal bond market.

The Exchange notes that, other than Commentary .01(b)(1) to Rule 8.600-E, the Fund's portfolio will meet all other requirements of Rule 8.600-E.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.²¹ Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Rule 7.12-E have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on NYSE Arca from 4 a.m. to 8 p.m., Eastern Time in accordance with NYSE Arca Rule 7.34-E (Early, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Rule 7.6-E, the minimum price variation ("MPV") for quoting and entry of orders in equity securities

²¹ See NYSE Arca Rule 7.12-E, Commentary .04.

traded on NYSE Arca is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

The Shares of the Fund will conform to the initial and continued listing criteria under NYSE Arca Rule 8.600-E. Consistent with NYSE Arca Rule 8.600-E(d)(2)(B)(ii), the Adviser will implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the actual components of the Fund's portfolio. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3²² under the Act, as provided by NYSE Arca Rule 5.3-E. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. The Fund's investments will be consistent with the Fund's investment goal and will not be used to enhance leverage.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by the Financial Industry Regulatory Authority ("FINRA") on behalf of the Exchange, or by regulatory staff of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading

²² 17 CFR 240.10A-3.

sessions and to deter and detect violations of Exchange rules and federal securities laws applicable to trading on the Exchange.²³

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.²⁴

The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares, ETFs and ETNs with other markets and other entities that are members of the ISG, and the Exchange or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading in the Shares, ETFs and ETNs from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares, ETFs and ETNs from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. In addition, FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA's Trade Reporting and Compliance Engine ("TRACE"). FINRA also can access data obtained from the Municipal Securities Rulemaking Board ("MSRB") relating to municipal bond trading activity for surveillance purposes in connection with trading in the Shares.

²³ FINRA conducts cross-market surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement.

²⁴ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

All statements and representations made in this filing regarding (a) the description of the portfolio, (b) limitations on portfolio holdings or reference assets, or (c) the applicability of Exchange listing rules specified in this rule filing shall constitute continued listing requirements for listing the Shares of the Fund on the Exchange.

The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under NYSE Arca Rule 5.5-E(m).

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Rule 9.2-E(a), which imposes a duty of due diligence on its Equity Trading Permit Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated iNAV will not be calculated or publicly disseminated; (4) how information regarding the iNAV and the Disclosed Portfolio is disseminated; (5) the requirement that Equity Trading Permit Holders deliver a prospectus to

investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4:00 p.m., Eastern Time each trading day.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)²⁵ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NYSE Arca Rule 8.600-E. The Exchange has in place surveillance procedures that are adequate to properly monitor trading in the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws. The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares, ETFs and ETNs with other markets and other entities that are members of the ISG, and the Exchange or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading in the Shares, ETFs and ETNs from such

²⁵ 15 U.S.C. 78f(b)(5).

markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares, ETFs and ETNs from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. In addition, FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Fund reported to TRACE. FINRA also can access data obtained from the MSRB relating to municipal bond trading activity for surveillance purposes in connection with trading in the Shares. The Fund may not purchase illiquid assets if, in the aggregate, more than 15% of its net assets would be invested in illiquid assets. Neither the Manager nor Sub-Adviser is a registered broker-dealer but each is affiliated with a broker-dealer. The Manager and Sub-Adviser each has implemented a “fire wall” with respect to such broker-dealer affiliate regarding access to information concerning the composition of and/or changes to the Fund’s portfolio.

The Exchange believes that it is appropriate and in the public interest to approve listing and trading of Shares of the Fund on the Exchange notwithstanding that the Fund would not meet the requirements of Commentary .01(b)(1) to Rule 8.600-E in that the Fund’s investments in municipal securities will be well-diversified. As noted above, the Fund’s investments will be well-diversified in that the Fund will have a minimum of 20 non-affiliated issuers; no single municipal securities issuer will account for more than 10% of the weight of the Fund’s portfolio; no individual bond will account for more than 5% of the weight of the Fund’s portfolio; the Fund will limit its investments in Municipal Securities of any one state to 20% of the Fund’s total assets and will be diversified among issuers in at least 10 states; and the Fund will be diversified among a minimum of five different sectors of the municipal bond market.

The Exchange believes that permitting Fund Shares to be listed and traded on the Exchange notwithstanding that less than 75% of the weight of the Fund's portfolio may consist of components with less than \$100 million minimum original principal amount outstanding would provide the Fund with greater ability to select from a broad range of municipal securities, as described above, that would support the Fund's investment objective.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information is publicly available regarding the Fund and the Shares, thereby promoting market transparency. Quotation and last sale information for the Shares, ETFs and ETNs will be available via the CTA high-speed line, and from the national securities exchange on which they are listed. Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Rule 7.12-E have been reached or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. Trading in the Shares will be subject to NYSE Arca Rule 8.600-E(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the iNAV, the Disclosed Portfolio, and quotation and last sale information for the Shares.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and

trading of additional types of actively-managed exchange-traded products that principally hold municipal bonds and that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, the Exchange has in place surveillance procedures relating to trading in the Shares and may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, iNAV, Disclosed Portfolio, and quotation and last sale information for the Shares.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that principally hold municipal bonds and that will enhance competition among market participants, to the benefit of investors and the marketplace.
